**Dear Parents/Guardians,**

**Today in your students English/Language Arts Class the regular curriculum was set aside and the teachers had an impromptu lesson on bullying. Some of what was covered may be more personal to some students. Students may understandably experience stress due to personal experience(s) associated with bullying. We have highly qualified staff in place and able to assist students who may have trouble coping with this topic.**

**Should you feel that your child would benefit from continued conversation with our staff (or if your child expresses a need to talk with someone) please call the Spring Wood Middle School main office and ask for an administrator. Additionally, if your child reports that he/she feels that he/she may be a victim of bullying please contact us. We will connect our child with one of our staff members who are trained to assist students with difficult issues.**

**Thank you for your support and ongoing commitment to helping make Spring Wood Middle School the center of community and a place where every child gets what he/she needs to have a transformational learning experience.**

**Regards,**

**Dr. Martin, Principal Spring Wood Middle School**
