

United Streaming – How to save a video

Select the video you want to play.

1. Below the video click on Download Type, select Windows Media 700 Kbps. 2. (read below)

The screenshot shows a video player interface. The main video area displays a snake with a play button and the title "Population Dynamics". Below the video, there are three download options: "FLASH", "QuickTime", and "Windows Media". The "Windows Media" option is selected, and the "700 Kbps" radio button is chosen. To the right, a list of video segments is visible, including "Population Dynamics: The Relationship Between Animals and Their Habitats [01:20]", "Abiotic and Biotic Factors: Influencing the Animal Population [00:16]", "Predator-Prey Relationships: The Extinction of the Bobcat and Rabbit [01:44]", "Overpopulation: The Case of the Overhunted Deer [00:27]", and "Endangered Species: The Case of the Grey Wolf [00:43]". A large white arrow points from the "700 Kbps" option to the download icon of the first segment in the list.

Then click on this link ONCE, it takes about a minute for the box to pop up, allowing you to save....be patient here!!!!
