

## Students

### Part-Time Attendance By Private or Home-School Students

A student who resides within the District and whose primary enrollment is in a District school may enroll in a private school or home school on a part-time basis. Also, a student who resides within the District and whose primary enrollment is in a private or home school may enroll in the District's regular education program, on a part-time basis, provided there is sufficient space in the school, and provided that the student's enrollment does not require changes to the normal scheduling procedures used by the school.

Requests for part-time attendance for the upcoming school year must be submitted by the private school principal, or in the case of home schooling, by the parent or guardian, before May 1. If the student is accepted, the principal will determine his/her class assignment(s). Such students will be permitted on campus only during the school day, in accordance with that schedule. The school has the right to change the schedule when the classroom teacher or building principal determines that such a change is appropriate. Notice will be given when such schedule changes occur.

The District will also accept for part-time attendance those students with disabilities who live within the District and are enrolled in nonpublic schools. Requests must be submitted by the student's parent(s)/guardian(s). Special educational services shall be provided to such students as soon as possible after the identification, evaluation, and placement procedures provided by state law, but no later than the beginning of the next school semester following the completion of such procedures. Transportation for students in part-time attendance shall be provided only if required in the student's individualized educational program on the basis of the student's disabling condition or as the special education program location may require.
