I hereby authorize the school district staff members to take whatever action in their judgment may be necessary in supplying emergency medical services consistent with this plan, including the administration of medication to my child. I understand that the Local Governmental and Governmental Employees Tort Immunity Act protects staff members from liability arising from actions consistent with this plan. I also hereby authorize the school district staff members to disclose my child's protected health information to chaperones and other non-employee volunteers at the school or at school events and field trips to the extent necessary for the protection, prevention of an allergic reaction, or emergency treatment of my child and for the implementation of this plan.

Parent/Guardian Signature:	Dat	

DOCUMENTATION

- Gather accurate information about the reaction, including who assisted in the medical intervention and who witnessed the event.
- Save food eaten before the reaction, place in a plastic zipper bag (e.g., Ziploc bag) and freeze for analysis.
- If food was provided by school cafeteria, review food labels with head cook.
- Follow-up:
 - Review facts about the reaction with the student and parents and provide the facts to those who witnessed the reaction or are involved with the student, on a need-to-know basis. Explanations will be age-appropriate.
 - Amend the Emergency Action Plan (EAP), Individual Health Care Plan (IHCP) and/or 504 Plan as needed.
 - Specify any changes to prevent another reaction.
